PATENT

**REMARKS/ARGUMENTS**

Applicants understand the Amendment After Final filed on December 27, 2005 was not entered due to certain informalities. In place thereof, Applicants respectfully submit the present Substitute Amendment After Final.

With entry of the present amendment, which action is respectfully requested, claims 1, 5-14 and 18-22 are pending in the above-identified application. Claims 4 and 17 have been canceled, and claims 1 and 14 have been amended to incorporate the limitations of claims 4 and 17, respectively, which the Examiner has indicated would be allowable if rewritten in independent form to include all of the limitations of the base claim and any intervening claims. Claim 5 has been withdrawn by the Examiner as drawn to a non-elected invention.

No new matter has been added by these amendments. Applicants reserve the right to pursue claims of original scope, including any canceled claims, in any related application which Applicants may file.

**CONCLUSION**

In view of the foregoing, Applicants believe all claims now pending in this Application are in condition for allowance and an action to that end is respectfully requested. If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 206-467-9600.

Respectfully submitted,

Dated: Feb. 23, 2006
